

# DIRECTIONS TO THE HELIOTROPE AND THE SOLAR SETTLEMENT

## Directions using public transportation

From Freiburg's main train station (Hauptbahnhof) go – directly from the station platform – to the large bridge that crosses the tracks to the South of the station. The city streetcars run from the bridge. Take the Line 3 streetcar (direction "Vauban"). – You can purchase tickets from the driver or from the self-service machines on the streetcar (single tickets).

With the Line 3 "Vauban" ride until Paula-Modersohn-Platz (8th stop from Hauptbahnhof). From there it is the same to the Solar Settlement as to the Heliotrope by foot (see drawing).

The entire journey from the train station to our front door takes about 30 minutes.

## Driving Directions – arriving by car/bus

Get off the A5 at the Freiburg-Mitte exit heading in the direction of Freiburg/Titisee-Neustadt. At the first traffic light make an acute right onto Kronenstraße.

After passing the gas station on the right-hand side, turn left at the next traffic light onto Merzhauser Straße. Follow along this street until on your left, there is a long building with multicolored panels on its façade – this is our Sun Ship. Behind this building you will find our Solar Settlement. The left turn lane leads to the parking garage under the Sun Ship. You can park here!

## To the Heliotrope

Drive along the left side of the Sun Ship and turn left on the second street, Alte Straße. Now take your next available left where you will find yourself on Schlierbergstraße. You may park here for the Heliotrope. From Schlierbergweg you should be able to get a good view of the Heliotrope. Pre-registered groups, who would like to see the inside, please go to Ziegelweg, 28.
